On behalf of the staff, children and parents of Patterson Lakes Primary School, I welcome you and your family to our school community.

Learning for Life
Our school’s motto is ‘Learning for Life’. When you join our school community you will quickly become acquainted with the quality and richness of programs that are designed to meet your child’s needs. Our school values of integrity, respect and excellence are used in our everyday dealings with each other [colleagues, students and parents] and in the development of our programs and policies. These values form the moral purpose of our school and the foundation for ensuring the best school environment for all members of our community.

Starting school, or starting at a new school, is a very important event in a child’s life, and children adjust to school in different ways. We are keen to work with parents to ensure that each child settles quickly, easily and happily into school life at Patterson Lakes. The school will keep you informed about how your child is settling in, and I encourage you to provide us with feedback from home. Keeping an open communication process between school and home ensures transition to our school will be as smooth as possible.

I also encourage you to take advantage of the friendly community by getting involved in the school. Patterson Lakes offers you a range of opportunities for involvement through social, fundraising and community activities. In addition the school encourages you to join the Parent Helpers program to assist with class or school activities. For working parents there are occasional evening or weekend school and social events through which you can share and celebrate your child’s education, and develop friendships with other families. Through involvement in the School Council you assist in decision-making and the development of school policy.

Patterson Lakes Primary has a strong moral purpose and reputation for delivering high quality education in all disciplines of the Victorian primary school curriculum. Our curriculum is broad, relevant and dynamic. Students are actively involved in their learning, acquiring knowledge, skills, positive attitudes and values.

The school places a strong emphasis on the use of computers in teaching and learning. All classrooms contain computer pods with access to a range of information and communication technologies. The school also has a well designed Information and Communication Technologies Centre comprising of 2 labs using a range of cutting edge technology, interactive whiteboards, and its own TV station and radio station - 104.7 FM School of Rock. Through authentic learning activities students from Prep to Year 6 develop the skills, knowledge and processes for using a variety of word processing, publishing, multimedia, information, communication and educational software programs.

The school is proud of its staff for the commitment; effectiveness and professionalism with which they undertake their roles and responsibilities, and the care and concern they show for our students and families. Staff work together to provide a well managed, safe learning environment that caters to the learning needs of all students. They focus on developing in your children the life skills of confidence, persistence, organisation, resilience and the capacity to get along with others. Through our Student Leadership, Student Representative Council and House Competition programs, we provide opportunities for the development of teamwork, respect, responsibility and active citizenship.

This handbook provides information of special relevance to new parents to Patterson Lakes Primary School. I hope you will find it informative. At Patterson Lakes we look forward to working with you to ensure that your child obtains a high quality education.

Stan Szuty
Principal
School Name and Department Number: Patterson Lakes Primary School No. 5190
School Address: Gladesville Boulevard Patterson Lakes 3197
School Postal Address: PO Box 330 Patterson Lakes 3197
School Telephone Number: 9772 4011
School Facsimile Number: 9776 0421
School Email Address: patterson.lakes.ps@edumail.vic.gov.au
School Web Address: www.patterson-lakes-ps.vic.edu.au
Ultranet Address: https://ultranet.vic.edu.au/oamsso/login.html
Principal: Stan Szuty
Assistant Principal: Paul Clohesy
Business Manager: Kate Shannon
Office Manager: Monique Hunt
Administration Assistants: Lynne Anderson and Bev Patton

SCHOOL HOURS:

Morning Instruction Session: 9.00am to 11.09am
Fruit Break [in class]: 10.00am
Morning Recess: 11.09am to 11.39am
Early Afternoon Session: 11.39am to 1.48pm
Lunch: 1.48pm to 2.47pm
Afternoon Session: 2.47pm to 3.30pm

TERM DATES:

<table>
<thead>
<tr>
<th>YEAR</th>
<th>TERM 1</th>
<th>TERM 2</th>
<th>TERM 3</th>
<th>TERM 4</th>
</tr>
</thead>
</table>

There is early dismissal at 2:30pm on the last day of each term – and at 1.30pm for the Christmas Vacation.

PREP STUDENTS

- Prep students will commence the 2014 school year with half day sessions, 9.30am - 12.00pm or 1.00 - 3.30pm on Thursday 30 January and Friday 31 January. Parents will be notified of their child’s session.
- Apart from the first two days, Prep children will attend school Monday, Tuesday, Thursday and Friday from 9.00am - 3.30pm until Friday 7 March. Wednesdays have been set aside as a testing day for individual Prep children. You will be notified of your child’s testing date.
- The week beginning Monday 10 March will be Prep children’s first week of full attendance. However due to the public holiday on Monday 10 March, the following week will be their first full week of 5 days.

YEAR 1 - 6 STUDENTS for 2014 commence at 9.00am on Wednesday 29 January.
VISION STATEMENT
To provide a safe and challenging learning environment, empowering students to strive for personal excellence and become lifelong learners.

Guiding Principles
- To provide a strong, innovative educational program that personalises learning for every student.
- To embed a culture of continuous improvement focused on student achievement and school performance.
- To foster an ICT pedagogy in order to acquire the necessary skills and knowledge to become effective global citizens.
- To embrace diversity within our school community where the values of Integrity, Respect and Excellence are upheld.
- To ensure a community where each child is listened to, feels safe and is valued.
- To maintain an effective partnership between staff, students, families and the local community.

ENVIRONMENT
Patterson Lakes Primary School opened in 1979 and is located in the residential corridor between the Mornington Peninsula Freeway and Port Phillip Bay, 33km SSE of the Melbourne CBD. The school is surrounded by a series of interconnected canals around the Patterson River waterway. The school has modern buildings, grounds and facilities that have the flexibility of both flexible learning spaces and traditional classrooms. During 1997 the school completed a major upgrade which included a visual arts room, library, ICT centre, administration block and undercover areas. During 2010, the school completed a multipurpose facility through the Federal Government’s BER program. The grounds include a large oval, grassed playing areas, adventure playgrounds and basketball courts.

SCHOOL POPULATION
The school has a stable enrolment of 760 students, which is expected to increase marginally to 790 students.

CURRICULUM
At Patterson Lakes Primary School, all students participate in a comprehensive curriculum. The breadth and richness of curriculum offered allows students to be actively involved in their learning, acquiring knowledge, skills, attitudes and values.

2013 has been the first year of the curriculum being based on a combination of the National Curriculum and the Victorian Essential Learning Standards — called AusVELS. AusVELS is the Foundation (Prep) to Year 10 curriculum that provides a single and comprehensive set of prescribed content and common achievement standards, which schools will use to plan student learning programs, assess progress and report to parents.

In 2013, the specific National Curriculum subjects implemented were English, Mathematics, Science and History. With each year, new components of the National Curriculum will be introduced.

In 2013, all other subjects taught were based on the Victorian Essential Learning Standards (VELS) using the three core interrelated strands of learning:

PROGRAMS
Emphasis is placed on the provision of effective literacy and numeracy programs that cater for all students with science and student wellbeing nominated as additional focus areas. Learning outcomes for students are maximised by whole school planning and program implementation, ongoing professional development for staff, appropriate resource provision, special needs assistance, comprehensive assessment and reporting practices and regular evaluation of all school programs.

STUDENT ENGAGEMENT AND WELLBEING
You Can Do It
The You Can Do It program operates in Years Prep - 4 and provides students with a framework of attitudes and habits that assist students to make and maintain positive relationships. The program involves teaching the foundations of Confidence, Getting Along, Resilience, Persistence and Organisation.

Restorative Practice
All staff use a Restorative Practice approach to assist students to resolve issues and restore relationships.

Act of Kindness Award
A weekly award that focuses on an Act of Kindness. Students are nominated by the parents, teachers, other students or community members.

Circle Time
Circle Time is a democratic and creative approach used to consider a wide range of issues affecting the whole school community. The strength of circles is that they address values, attitudes and skills within a structured,
safe and supportive framework.

**Peer Support**
All classes have a buddy class. Senior and junior classes are matched together to provide peer support.

**Junior School Council**
Students from Year 6 nominate and vote for peers to be a representative on Junior School Council. Junior School Council makes recommendations to Council, contributes to decision making and organises activities to raise funds for the broader community. Representatives report to the students and seek input from their peers. This process gives students a voice.

**Student Leadership**
Provides students from Prep to Year 6 with skills, processes and opportunities to develop leadership. Students can be involved in a variety of leadership roles including Junior School Council, Student Representative Council, House Captains, Dolphin Research Ambassadors, Waste Warriors, Class Captains, and school and class monitors.

**House System**
The House System has 4 teams – Gladesville Gladiators (Blue), McLeod Mustangs (Green), Thompson Tornadoes (Yellow) and Wells Wildcats (Red). House colours are worn every Friday. There are 4 major House competitions every year. They are swimming sports, athletic sports, Patto’s got Talent and Patto’s X Factor.

**WELLS WILDCATS**
Wells Wildcats hear the roar,  
We win everything and still want more!  
We won’t be defeated and we won’t be outdone,  
Because Wells Wildcats are Number 1!  
Go Wildcats!

**McLEOD MUSTANGS**
McLeod Mustangs feel the heat,  
Who we meet, we defeat.  
So fire up and start to scream,  
We’re the number one team!  
Go Green!

**GLADESVILLE GLADIATORS**
We’re the Gladesville Blues and you’d better get it right  
We’re the number one team and you’re in for a fight  
We have the will to win and the will to succeed  
We’re the Gladiators!  
Now it’s time to concede!  
We are, we are, Gladesville Gladiators,  
We are, we are, Gladesville Gladiators

**THOMPSON TORNADOES**
Pump it up let’s hear it. Let’s hear that Thompson spirit.  
Pump it up let’s hear it. Let’s hear that Thompson spirit.  
Tornadoes flying high  
We bring a message from the sky  
And what did that message say?  
THAT THOMPSON’S GONNA WIN TODAY  
Pump it up let’s hear it. Let’s hear that Thompson spirit.

**PARENT INVOLVEMENT**
The school promotes participation, involvement and regular communication between parents and teachers. Parents participate in the school through their involvement in Parents & Friends Association, School Council, Parent Helpers program, Fundraising Activities, Excursions, Inter-school sports, Camps, and Perceptual Motor Program. Regular whole school events and family activities also provide opportunities for parental involvement.

**CLUSTER INVOLVEMENT**
The school works cooperatively within the Seaford-Carrum School Cluster. The Cluster consists of Patterson River Secondary College, Seaforth Primary, Seaforth Park Primary, Seaforth North Primary, Belvedere Park Primary, Carrum Primary, Patterson Lakes Primary and Bonbeach Primary.

**ENRICHMENT AND SUPPORT PROGRAMS**

**LIBRARY**
The purpose of the library is to provide a comprehensible up-to-date collection of materials. The library provides for the needs of the curriculum as well as the needs of the individual child; fostering a love of literature and reading for pleasure. It aims to provide for the professional development of staff through purchase of materials relevant to new trends in education. Encourage your child to borrow regularly from our school library. Please provide your child with a NAMED, BOOK BAG which can be purchased through the school uniform shop. This helps prolong the life of our school library books.
THE 2012 - 2015 SCHOOL STRATEGIC PLAN

The School Strategic Plan sets out the school’s strategic direction for the next 4 years, including the school’s purpose, values and environmental context, as well as goals, targets and key improvement strategies in three student outcome areas:

- Student learning
- Student pathways and transitions
- Student engagement and wellbeing.

The School Strategic Plan is informed by the information gathered and directions identified throughout the school self evaluation and school review processes, and through staff, student and parent consultation.

Copies of the 2012 - 2015 School Strategic Plan are available from the school office.

STUDENT LEARNING OUTCOMES

Goal
To improve learning outcomes for all students in English and Mathematics.

Targets
- By 2015, the percentage of Year 5 students in Band 6 and above in Reading will increase from 54% to 75%
- By 2015, the percentage of Year 5 students in Band 6 and above in Writing will increase from 55% to 75%
- By 2015, the percentage of Year 5 students in Band 6 and above in Numeracy will increase from 62% to 75%
- From 2012, Year 3 - 5 matched cohort data will be have at least 18 months of growth and be in line with or exceed the state mean in Reading, Writing and Numeracy each year.

Key Improvement Strategies
- Build teacher capacity through the development of an agreed school wide pedagogy.
- Strengthen whole school assessment practices.

STUDENT ENGAGEMENT AND WELLBEING

Goal
To improve student engagement and foster positive wellbeing.

Targets
- By 2015, Parent Opinion Surveys will show an improvement in the mean scores for the Parent Input variable.
- By 2015, Student Opinion surveys will show an improvement in the mean scores for Teacher Effectiveness, Teacher Empathy, Stimulating Learning, and Student Motivation.
- By 2015, Staff Opinion surveys will show an improvement in the mean score for the Classroom Misbehaviour and Participative Decision Making variables.
- By 2015, student lateness data to average less than 3 late days per student per year.

Key Improvement Strategies
Develop and strengthen a whole school Transition and Pathways program for all students as they move through the school.

STUDENT PATHWAYS AND TRANSITIONS

Goal
To improve transition processes for all students.

Targets
By 2015, Student Opinion surveys will show an improvement in the mean scores for Connectedness to School.

Key Improvement Strategies
Strengthen partnerships to within and between students, staff and the school community.
At Patterson Lakes Primary School, all students participate in a comprehensive curriculum. The breadth and richness of curriculum offered allows students to be actively involved in their learning, acquiring knowledge, skills, attitudes and values.

2013 was the first year of the curriculum being based on a combination of the National Curriculum and the Victorian Essential Learning Standards – called AusVELS.

AusVELS is the Foundation (Prep) to Year 10 curriculum that provides a single and comprehensive set of prescribed content and common achievement standards, which schools will use to plan student learning programs, assess progress and report to parents.

In 2013, the specific National Curriculum subjects implemented were English, Mathematics, Science and History. With each year, new components of the National Curriculum will be introduced.

In 2013, all other subjects taught were based on the Victorian Essential Learning Standards (VELS) using the three core interrelated strands of learning:

</tbody>
</table>
Physical, personal and social learning is designed to equip students for the challenging world of the twenty-first century to ensure that students develop as people who take increasing responsibility for their own physical wellbeing, their own learning, their own relationships with others and their role in the local, national and global community.

HEALTH AND PHYSICAL EDUCATION
Standards in Health and Physical Education are organised in two dimensions.
- Movement and physical activity – from Level 1
- Health knowledge and promotion – from Level 3.

Movement and physical activity, focusing on:
- the important role that physical activity, sport and recreation need to play in the lives of all Australians
- promoting involvement so that everyone has the right to participate in a healthy and active lifestyle
- developing confidence in using movement skills and strategies to increase motivation to become active
- improving performance and maintain a level of fitness
- building understanding of how training and exercise in areas such as strength, flexibility and endurance relate to physical performance

Health knowledge and promotion, focusing on:
- examining physical, social, emotional and mental health
- exploring personal development across various stages of the lifespan
- safety and the identification of strategies to minimise harms associated with particular situations or behaviours, examining the promotion of health of individuals and the community through the use of specific strategies and the provision of health resources, services and products
- examining the factors that influence food selection and the role of nutrition on health growth and development

TO HELP YOUR CHILD WITH HEALTH AND PHYSICAL EDUCATION
- Give them regular praise, encouragement, approval and challenges that promote self-esteem and a sense of personal well-being.
- Help him or her to understand the importance of a healthy diet and the dangers of foods with high sugar, salt and fat content.
- Encourage participation in games and outdoor activities.
- Recognise the importance of informal play, by means of which all children use language, movement and imagination in getting to know more about themselves, other people and the world around them.
- Maintain safety standards, particularly for bike and skateboard riding.
- Ensure ‘a good night’s sleep’ - at least 10 hours for young children, and 9 or 8 as they get older.
- Realise that your own lifestyle is a very important model for your child.

INTERPERSONAL DEVELOPMENT
Standards in Interpersonal Development are organised in two dimensions:
- Building social relationships
- Working in teams.

PERSONAL LEARNING
Standards in Personal Learning are organised in two dimensions:
- The individual learner
- Managing personal learning.

CIVICS AND CITIZENSHIP
Standards in Civics and Citizenship are organised in two dimensions:
- Civic knowledge and understanding
- Community engagement.

DISCIPLINE BASED LEARNING
The domains within the Discipline-based Learning strand form a body of knowledge with associated ways of seeing the world and distinct methods of exploring, imagining and constructing that world.

ENGLISH
The study of English is central to the learning and development of all young Australians. The reason as to why students must be successful in the study of English is to:
- Create confident communicators, imaginative thinkers and informed citizens.
• Enable individuals to analyse, understand, communicate with and build relationships with others and with the world around them.
• Develop the knowledge and skills needed for education, training and the workplace.
• Help individuals become ethical, thoughtful, informed and active members of society.
• Develop the understanding, attitudes and capabilities of those who will take responsibility for Australia’s future.

The content strands of English are:
- Reading and Viewing
- Writing
- Speaking and Listening

**READING**
To prepare children to read
- Talk to your children from the earliest age. Surround them with language. Explain, question, read....
- Encourage them to talk about their own experiences, to play with words.
- Tell and re-tell stories of all kinds. Have a bed-time ritual of story-reading.
- Encourage the children to 'read' with you. Get them to comment on the illustrations. Run your finger underneath the print as you read.
- As you read favourite stories, leave out the occasional word and encourage the children to put it in.
- Make simple word games, such as cutting words from magazines and matching them with pictures.
- Visit the local Library. Meet the Librarian.
- Remind your children that library books are available for borrowing.

**TO HELP YOUR CHILD WITH READING**
- Have a routine of reading to him or her every day. This is one of the best ways of developing lifelong positive attitudes to reading and understanding of print and books.
- Praise every effort in reading, especially if confidence is low. Don’t compare a child’s performance with that of relatives and friends.
- Be seen as a reader yourself. Take the family to the local library. Help in selecting books but resist the temptation to impose your own choices.
- Give books as presents and show your child how to care for them.
- Buy your child a bedlamp and encourage the routine of reading in bed before lights-out.
- Encourage your child to make good use of the school library. Ask: “What have you borrowed this week? Would you like to read some of it to me?”

**WRITING**
The teaching of writing involves a wide range of skills. The children are encouraged to express themselves in print. Drawing is a valuable pre-writing activity and writing will develop as a natural progression.

**TO HELP YOUR CHILD WITH WRITING**
- Let him or her see you write - letters, shopping lists, short messages and so on.
- Encourage the family to write - letters to friends and relatives, thank-you notes, get-well messages....
- Display writing in the home - reminders, list of things to do, messages of congratulations, postcards from friends on holiday. Have a kitchen noticeboard or some attractive magnets on the fridge door.
- Give presents associated with writing - different types of pens and pencils, paper of different shapes and colours, a desk lamp, a diary, a dictionary, erasers....
- Be an interested listener and reader. Talk over ideas for writing, encourage the reading aloud of early drafts, read the finished product with enthusiasm.
- Pay more attention to what your child is writing, rather than on spelling and punctuation.

**VICTORIAN CURSIVE WRITING**
We include an example of the infant script that your child will learn. All labelling and lettering done by teachers will be modelled on this script, and we suggest that it will also provide a model for your own labelling of your child’s possessions.

We ask that only the initial letter in your child’s name be presented in capitals (NOT all capitals) as this is consistent with our school practice e.g.
SPELLING

Children learn spelling for writing. They learn words they need to know and ones they want to know. The school uses visual, phonological, morphemic knowledge and etymological knowledge to ensure students learn effectively. The PLPS Spelling program is based around the Strategic Spelling approach:

- **Visual knowledge** – you will need to know what the word looks like, as no other strategy works. For example: who
- **Phonological knowledge** – if you record all the sounds, the word will appear correct. For example: number = num + ber
- **Morphemic knowledge** – words that require you to know special rules. [This includes compound words, prefixes and suffixes]. For example: ‘i’ before ‘e’ except after ‘c’
- **Etymological knowledge** – words that are connected to other similar meanings. [Latin and Greek roots] For example: octagon and octopus \[oct = 8\]

TO HELP YOUR CHILD WITH SPELLING

- Build his or her self-confidence. Praise effort even if the result is not perfect. At all costs prevent the emergence of a self-image as a poor speller.
- Accept that teachers do not insist on correct spelling in the first draft of writing. Here the emphasis is on ideas and interesting ways of expressing them. Spelling accuracy comes in subsequent drafts.
- Show that you care about spelling. Ask, “Who knows how to spell ...?” and advise, “You won’t feel right about the spelling of some words until you’ve written them down to see how they look - or made absolutely sure by looking them up in a dictionary.”
- Encourage reading. It is often argued that this is probably the best single method of improving spelling.
- Advise the use of the ‘Look-Say-Cover-Write-Check’ approach to committing new words to memory.

MATHEMATICS

Mathematics pervades all aspects of our lives - as citizens, in our homes and in the workplace. It has applications in all human activities, crossing cultural and linguistic boundaries to provide a universal way of solving problems in such diverse areas as science and engineering, business and finance, technology, arts and crafts and many everyday activities. Competence in mathematics is integral to successful participation in modern society.

Through learning mathematics in school, students will:

- acquire useful mathematical and numeracy skills to deal confidently and competently with daily life.
- solve practical problems with mathematics based on everyday, real life concepts.
- see mathematical connections and be able to apply mathematical concepts, skills and processes in posing and solving mathematical problems
- be confident in one's personal knowledge of mathematics.
- be empowered through knowledge of mathematics to apply this knowledge in practical situations.
- develop an understanding of the dynamic role of mathematics in life, society and work in social and technological change.
- recognise the fundamental importance of mathematics to the functioning of society.
- use technology appropriately and effectively to support the learning of mathematics.

The content strands of Mathematics are:

- Number and Algebra
- Measurement and Geometry
- Statistics and Probability

TO HELP YOUR CHILD WITH MATHEMATICS

- Do all you can to develop his or her sense of number and measurement. Find Maths everywhere!
- Remember the influence you have on your child’s attitude to mathematics.
- Comments such as "No one in this family is much good at Maths", set up tremendous barriers to learning.
- Involve him or her in real-life mathematics around the home - counting change, measuring, weighing, estimating, playing games that involve keeping scores, calculating journey times....
- Encourage the older child in hobbies that require ‘hands-on’ mathematical skills and a sense of spatial relationships - making models, assembling kits....
- Use solid objects - buttons, sticks, pieces of string and the like - when helping with mathematical problems.
- Avoid confusion by checking methods being taught at school before helping your child.

THE ARTS

Standards in the Arts are organised in two dimensions:

- Creating and making
- Exploring and responding - introduced from Level 4
MUSIC
TO ASSIST YOUR CHILD WITH MUSICAL DEVELOPMENT:
 Sing a variety of nursery rhymes and fun songs with physical movement and expression.
 Use simple rhythmical instruments to ‘make music’ (hand drum, tambourine, shakers).
 Creatively use odds-and-ends items to ‘explore sound’ (pots, pans, string, cans, bottles, plastics and metals).
 When reading picture books; generate ‘sound effects’ to match the actions, scenes and moods of the story.
 Introduce a variety of background music during quiet times, eating times and play times; (such as ‘old-time favorites’, ‘light classical music’, vocal ‘choir style’ singing music and ‘cultural style’ music).
 Share with children the songs you enjoyed as a child, and regularly play the music and songs they enjoy.
 Encourage music lessons; singing, keyboard, guitar, flute.

ART
TO HELP YOUR CHILD WITHIN VISUAL ARTS
 Encourage him or her to be more observant of the natural world - colours, patterns, sounds....
 Provide basic materials for creative play - paper, pencils, paints, brushes, glue, cardboard, wool, string, drawing pins, foil, pieces of wood....
 Express interest in your child’s ‘creations’ - drawing, painting, models.
 Share your own skills of painting, sewing, wood-working, etc. There is a tremendous feeling of satisfaction in teaching one of your own skills to your own child.
 Have some occasions when the whole family makes something (e.g. Christmas decorations).
 Provide your child with a named art smock (or old shirt) for school use.

HUMANITIES
Humanities involves:
 the study of human societies and environments, people and their cultures in the past and the present
 developing key ideas and concepts that enable students to understand the way in which people and societies have organised their world
 researching skills and inquiry processes

History is organised into two interrelated strands:
 Historical knowledge and understanding
 Historical skills

Historical knowledge and understanding, focusing on:
 personal, family, local, state or territory, national, regional and world history
 Australian history in its world history context: F – Year 10
 studying societies, events, movements and developments that have shaped world history from the time of the earliest human communities to the present day
 exploring key concepts for developing historical understanding, such as: evidence, continuity and change, cause and effect, significance, perspectives, empathy and contestability

Historical skills, focusing on:
 promoting skills used in the process of historical inquiry: chronology, terms and concepts; historical questions and research
 analysing and using sources; perspectives and interpretations; explanation and communication
 emphasising historical interpretation and the use of evidence

LANGUAGES OTHER THAN ENGLISH [LOTE]
In 2014, the LOTE programs at PLPS will be:
 Prep – Language introduction and immersion
 Year 1 & 2 – French
 Year 3 & 4 – Italian
 Year 5 & 6 – Spanish

Standards in LOTE are organised in two dimensions:
 Communicating in a language other than English
 Intercultural knowledge and language awareness

SCIENCE
Science education contributes to developing scientifically and technologically literate citizens who will be able to make informed decisions about their lifestyle, their environment and the kind of society in which they wish to live. They will be able to see the connections between science and people, note the relevance of science and technology to past achievements and current and future development and be aware of the impact of science and technology on society, the individual and the environment.
Patterson Lakes Primary School is committed to providing a Science program that is relevant to students today and builds upon their observational techniques over time. Effective science teaching relies on understanding students’ pre-existing ideas about science concepts and supporting students to develop more scientific understandings.

Science has three interrelated strands: Science Understanding, Science as a Human Endeavour and Science Inquiry Skills. Together, the three strands provide students with understanding, knowledge and skills through which they can develop a scientific view of the world. Students are challenged to explore science, its concepts, nature and uses through clearly described inquiry processes.

The Science Understanding strand comprises four sub-strands:
- Biological sciences
- Chemical sciences
- Earth and space sciences
- Physical sciences

INTERDISCIPLINARY LEARNING

The Interdisciplinary Learning strand identifies a range of knowledge, skills and behaviours which cross disciplinary boundaries and are essential to ensuring students are prepared as active learners and problem-solvers for success at school and beyond. This strand focuses on ways of thinking, communicating, conceiving and realising ideas and information. It assists students to develop the capacity to design, create and evaluate processes as a way of developing creativity and innovation.

COMMUNICATION

Standards in Communication are organised in two dimensions:
- Listening, viewing and responding
- Presenting

DESIGN, CREATIVITY AND TECHNOLOGY

Standards in Design, Creativity and Technology are organised in three dimensions:
- Investigating and designing
- Producing
- Analysing and evaluating

INFORMATION AND COMMUNICATIONS TECHNOLOGY [ICT]

Standards in Information and Communications Technology are organised in three dimensions.
- ICT for visualising thinking
- ICT for creating
- ICT for communicating

Note: The Acceptable Use of Information Communications Technology (ICT) Policy outlines implementation guidelines, found on the schools website.

HOW TO HELP YOUR CHILD WITH ICT

- Visit the school website’s ‘Virtual Classroom’ and allow your child to interact with the online learning activities. Address: http://www.patterson-lakes-ps.vic.edu.au
- Encourage awareness of activities, practices and occupations that use computer technologies.
- If you have a computer at home, give your child experience and practice in typing words and sentences, drawing pictures using Paint or any drawing program, help with reading, using a mouse or saving files.

THINKING PROCESSES

Standards in Thinking Processes are organised in three dimensions:
- Reasoning, processing and inquiry
- Creativity
- Reflection, evaluation and metacognition
Starting school represents a significant change for most children. You have been your child’s first teacher and as a consequence have provided the majority of experiences your child has had in the first few years of their life. Parents can be most helpful in making the transition to school a happy and successful one.

Success and happiness at school is much more likely if the child has developed the ability to:
- speak well
- listen to a story for a reasonable time
- concentrate on one activity for 10 - 15 minutes
- dress and eat independently
- use the toilet and look after their personal hygiene successfully [nose blowing, etc.]
- play co-operatively with other children and solve associated problems
- be familiar with the use of pencils and books

Here are some of the things you can do to prepare your child for school

Over the next few months try to let your child get used to:
- putting on and taking off clothes
- putting on and doing up shoes
- eating and drinking without help
- using a handkerchief or tissue
- using and flushing the toilet independently
- unwrapping snacks independently (clingwrap, snack bars, etc.)
- saying his/her name, address and telephone number
- knowing road safety rules and how to cross the road safely
- knowing the way to and from school
- knowing safe behaviours

Also try to let your child get used to:
- playing with groups of children [encourage your child to share toys and take turns]
- using playground equipment safely
- staying at friends’ or relatives’ houses for a few hours without you around
- caring for and putting away playthings
- helping with small jobs around the house such as washing up, putting clothes away, etc.

Learning to talk and listen well starts with you at home. Try to:
- talk to your child about what you are both doing
- listen to your child and give them your attention when they are talking
- answer many of the endless questions
- read a story every day
- borrow children’s books and toys from your local library
- teach songs, rhymes, jingles, the names of colours and parts of the body
- count things - does your child know what the number means?
- ask your child to follow simple instructions, such as “Take off your shoes and put them on the veranda”.

These experiences will also aid development:
- using chalk, crayons and pencils to draw patterns and pictures
- making models with playdough
- cutting paper and material with blunt ended scissors
- rolling, throwing and catching different sized balls
- balancing activities

PREP STUDENTS
- Prep students will commence the 2014 school year with half day sessions, 9.30am - 12.00pm or 1.00 - 3.30pm on Thursday 30 January and Friday 31 January. Parents will be notified of their child’s session.
- Apart from the first two days, Prep children will attend school Monday, Tuesday, Thursday and Friday from 9.00am - 3.30pm until Friday 7 March. Wednesdays have been set aside as a testing day for individual Prep children. You will be notified of your child’s testing date.
- The week beginning Monday 10 March will be Prep children’s first week of full attendance. However due to the public holiday on Monday 10 March, the following week will be their first full week of 5 days.
ABSENCES
If your child is absent, a note must be sent to the school explaining the absence. The school will contact you for an explanation of excessive absences if no note is provided.

If parents wish to take their children away from school, eg. for a medical appointment, they are requested, in order to ensure the safety of children at our school, to complete and sign an ‘Early Leave Pass’ at the Office at the time of departure. It is important also that the class teacher knows the child has left the school, particularly if the child is leaving during recess or lunchtime.

NEVER collect children during recess or lunchtime without signing them out.

In the event of a student running away from school, a parent will be informed immediately. Police will also be contacted.

ALLERGY OR ASTHMA
It is important that parents complete an allergy or asthma management plan at the beginning of the school year for their child if they suffer from an allergy or asthma. Management plans will need to be updated annually.

ART SMOCKS
All children require an art smock for painting and other art/craft activities.

ASSEMBLY
Assemblies are timetabled for 2 whole school assemblies, 3 junior school assemblies and 3 senior school assemblies each term. Whole school assemblies are timetabled for the first and middle week of every term. Parents are encouraged to attend assemblies as they are a forum for information as well as an opportunity to celebrate whole school, group and individual achievements. Assemblies are held in the Patterson Lakes Community Centre.

ATTENDANCE
Education is compulsory for children between the ages of 6 and 16 years. When children are enrolled it is expected they will attend school every day of each term. Patterson Lakes records the daily attendance of your child. We do not encourage students to arrive at school before 8.45am as there is not a teacher on duty prior to this time. Similarly, supervision is provided after school until 3.45 pm. Students not collected by this time will be sent to After School Care and a cost will be incurred.

School commences at 9.00 am each day and we ask for your co-operation by ensuring your child is at school and in line on time. School finishes at 3.30 pm, except on the last day of Term, when the finishing time is 2.30pm in Term 1 – 3 and 1.30pm on the last day of Term 4.

BEFORE AND AFTER SCHOOL CARE
Before School Care hours operate from 6.45 – 8.45am. After School Care hours operate from 3.15 – 6.15pm.
Curriculum Days operate from 8.00am – 5.00pm providing there are sufficient numbers [minimum 15 students].

BEHAVIOUR MANAGEMENT
As part of the school’s ongoing commitment to a safe and orderly school environment all students are provided with a copy of the school’s Student Code of Conduct at the commencement of the school year or when entering school. The policy details rights, responsibilities, school rules, unacceptable behaviours and consequences for breaching school rules. Parents and students sign a reply form agreeing to support and abide by the policy.

BICYCLES
Students in Years 3 - 6 may ride bicycles to school provided that they have signed the school’s Bicycle Policy. It is expected that all students will wear a properly fitted bicycle helmet and have a good understanding and capacity to ride safely and obey road rules. Bicycles are to be walked in the school grounds between 8.00am and 4.30pm. Non-adherence to this rule will result in the student being banned from riding their bike to school for the remainder of the year. During the school day all bicycles will be locked in the bike shed.

CAMPS
The school camping program usually involves camps away from the school site for Years 3, 4, 5 and 6. Camps are usually for 2 - 5 days depending on the number of students involved and the availability of camping venues.

CANTEEN
The school has a canteen which operates three days each week – Monday, Thursday and Friday. Orders are collected from classrooms by 9.15am and then delivered by 1.40pm. Price lists are distributed at the beginning of the year with updates/changes detailed in the School Newsletter. Special Lunch Days are occasionally available. When sending a lunch order please clearly write the student’s name, grade and order on a paper bag and include the correct money required.
CAR PARKING
The school car park is only for staff parking. There is a morning ‘Drop Zone’ for parents in designated areas until 9.00am. Parents may also use the ‘Visitor’s or Disabled’ parking area if their child is unwell or has been injured. There is restricted street parking available in Gladesville Boulevard and McLeod Road. Additional parking is found in the Patterson Lakes Community Hall car park and in the Coles Shopping Centre. Please pay attention to all street parking signs and restrictions. Police and parking officers regularly patrol these areas surrounding our school.

CLOTHING AND BELONGINGS
Please clearly mark all clothing and items brought to school. Each item of school uniform should be named. Expensive toys and games should not be brought to school. We take no responsibility for loss or damage.

CONCERNS
Please contact your child’s teacher, Year Level Coordinator, Sub School Leader, Assistant Principal or the Principal. We will listen to your concerns, investigate situations, offer assistance and provide accurate information. Each matter will be dealt with within a reasonable period of time.

CUSTODY RESTRICTIONS
It is vital that the school be kept informed of any access or custody restrictions. Original copies of orders must be presented to the school and a copy will be taken.

DETENTION AND RE-THINK TIME
Students may be given a ‘re-think’ time or detention for breaches of our Student Code of Conduct. Students may be detained for half of recess or lunch break without parent permission, however, parents will be informed depending on the severity of the situation. If a child is required to do an after school detention, parents will be given prior notice and will need to sign a permission note. Parents will need to collect their child at 4.00pm.

EARLY DEPARTURE AND LATE ARRIVAL
Parents wishing to collect children other than at the normal dismissal time must go to the office to sign out their child and collect an ‘Early Leave Pass’ before collecting them from their classroom. The pass is to be taken to the classroom and handed to the teacher. If your child arrives at school after 9.00am they must go to the office to sign in and get a ‘Late Pass’ to take to their classroom and hand to their teacher.

If making arrangements with others to collect your child, please make sure the person and the child know the arrangements. If the person is someone not included in your child’s enrolment form, please inform us of the arrangements.

EDUCATION MAINTENANCE ALLOWANCE – [EMA]
The Education Maintenance Allowance [EMA] is provided to eligible parents (in general those who hold a Health Care or Pension Card) of students under sixteen years of age to help with education costs. EMA is paid directly to the parent, or directly to the school (option on the application form) to offset the costs of such things as resources, excursions, camps etc. Parents will receive 70% of their EMA in March and the remaining 30% in August. The Principal or Business Manager will assist parents on a confidential basis with enquiries about eligibility or entitlements. A new application form needs to be completed at the start of every school year.

EMERGENCY CONTACT INFORMATION
Always ensure your contact information is up to date. It is critical that the school is able to contact you or your emergency contacts in case of an accident or illness. Contacts listed on the enrolment form are the only people that may collect a student during school hours.

ENROLMENT PROCEDURES
To enrol a child at Patterson Lakes Primary School, parents need to contact the school office and complete an enrolment form. Parents of separated families are required to seek permission of the other parent, giving permission for their child to enrol in a primary school. An “Alternate Family” Form must be completed by the second parent, in addition to the initial ‘Enrolment Form’. All children enrolling in school must be at least 5 years of age by April 30 of the year of enrolment. Parents must show their child’s original birth certificate and immunisation statement. It is recommended that parents come along to a tour of the school and meet with the Principal. If a student is transferring from another school, it is useful for you to provide our school with school reports and some of the work the student has been doing at the previous school.

EXCURSIONS
The school operates an Excursion Levy to cover the cost of all excursions and incursions during the year. All excursions and camps are conducted under strict safety guidelines. Before any excursion or camp takes place, parents will be given written information about the activity and will be asked to sign a form giving approval for their child to take part. To ensure students are safe at all times, staff who accompany excursions and camps will have appropriate qualifications, training and experience for the activities being undertaken. No child will be allowed to participate in a school excursion without a completed permission note. If you require another copy of a notice, there is a cost of 20 cents per copy.
HATS
It is school policy that the wearing of a school wide brimmed hat is compulsory from 1 September to 30 April.

HOMEWORK
The school operates a Homework Grid based on Dr Lillico’s homework model. Students are provided with a homework grid each term that will not only teach them some of the necessary skills for later life, but will also encourage the development of social skills and attitudes they will require. The Homework Grid is divided into 12 sections which may include Reading, Spelling, Personal Organisation, Number Facts, Physical Activity, Research, Teach Parents Something You Have Learnt, Art, Use A Computer For Work, You Can Do It, Environment, and Culture. All activities provide opportunities for parents to participate in their child’s education.

ILLNESS
The best place for a sick child is at home. A child is not capable of effective learning whilst ill. Infections spread quickly in the school environment. A note with date/s and reason/s of absence must be provided to the school.

INFECTIOUS DISEASES EXCLUSION
The Department has produced a comprehensive list of infectious diseases and exclusion guidelines for schools. This information is available at the back of this booklet and from the school office.

LOST PROPERTY
Lost property such as clothing and hats is stored in the breezeway next to the canteen area. Jewellery items and watches will be held in the school office, and may be collected at any time during school hours. At the end of each term, unnamed clothing is sold as second hand uniform or forwarded to a charitable organisation.

LUNCHES
Lunches are usually eaten in the classroom under teacher supervision. Please consider appropriate food for your child to handle, nutrition and the quantity appropriate to your child’s appetite when preparing lunches.

LUNCHES LEFT AT HOME
When a child has no lunch at school, firstly siblings are asked to share their lunch, or the teacher will ask the office to provide an ‘Emergency Lunch Pack’. If this is not possible, a canteen lunch may be organised and payment will be required the following day.

MEDICATION
If medication is to be taken at school parents must write a note giving the First Aid Officer permission to administer the medication. The note must state time/dosage and the medication must be clearly labeled with the child’s name and grade. If your child suffers from asthma, it is recommended that an inhaler be kept at school and an Asthma Management Plan must be completed.

MONEY
Please do not send large amounts of money to school with your child. When it is necessary to send money please place it in a sealed envelope that has your child’s name and grade, as well as the amount and purpose of the money clearly written on the envelope. The envelope should be given to the teacher at 9am or dropped into the office ‘drop box’, located under the counter at the front office.

MOBILE PHONES
Students are not permitted to have mobile phones at school.

NEWSLETTER
The school Newsletter is distributed each Thursday. It is expected that all parents will take the time to read it. The Newsletter contains information on most of the activities going on in the school. It is now sent to families via the Tiqbiz App which can be downloaded onto your computer or smart phone for convenient access. You can visit our school website to view the weekly newsletter and it is also available from the school office in hard copy for you to collect if you wish.

PARENTS AND FRIENDS ASSOCIATION
The Parents and Friends Association of Patterson Lakes Primary School is an important group within our community. Interested parents and friends meet each term. The role of PFA is three-fold:

- Firstly, it is a communication link between the community as a whole and the school. It serves as a forum where constructive ideas are developed.
- Secondly, the PFA is a social body, bringing together the parents of the school in social activities. It has a role to play in public relations
- Thirdly, the PFA, through the School Council, has a fund raising role. Various activities are organised and well supported during the year.
PARENT – TEACHER MEETINGS
There are usually two organised Parent-Teacher meetings. The first meeting or information sharing session occurs in early February. The second meeting, where student progress is discussed, occurs towards the end of Term 2, in late June. Parents may, however, seek meetings with teachers or the principal at any time if they would like to discuss their child or a school issue. It is recommended that you contact the teacher or office to make a meeting time rather than arrive when the teacher has responsibility for the teaching or supervision of students in the class. Students in Years 3 - 6 are part of their Parent-Teacher meetings.

PUPIL FREE DAYS
Each state school in Victoria is allocated four days each year when students do not attend school so that teachers can participate in curriculum planning or professional activities. The school will give parents details about these days through the Newsletter. The first day of Term 1 is always a pupil free day. Although teachers are on duty on the first day of the school year, students do not attend.

SCHOOL MATERIALS
Each year Patterson Lakes Primary School Council sets school charges and voluntary contribution rates for the following year. School Council works within government policy guidelines and school budget estimates. School materials are not voluntary. They are the cost that the school incurs through the purchase of books, materials and requisites, special programs, and services supplied to your child by the school on your behalf.

SCHOOL COUNCIL
The School Council provides an opportunity for parents and other members of the community to take an active role in setting the educational policy of the school. The School Council comprises parents, the school Principal, staff and sometimes co-opted members of the community. School Council has 17 elected members – 12 parent and 5 staff members. Elections are held every year by the end of March. Parent and ‘Department of Education and Early Childhood Development’ members of the Council are elected for a 2 year term of office.

SCHOOL PHOTOGRAPHS
Each year the school photographs are taken. Usually all children are photographed individually and in class groups. Siblings may also be photographed together at an additional cost. Purchasing photographs is optional.

SCHOOL REPORTS
In June and December parents are provided with written reports detailing student progress. In addition, a number of students will also receive Individual Learning Plan reports.

SCHOOL RULES
The school takes a whole school approach to the development, implementation and monitoring of school rules. At the commencement of each year students are provided with a copy of the school’s Bullying Policy and Student Code of Conduct. Students work with teachers to establish classroom rules.

SWIMMING PROGRAM
Prep - Year 4 students are involved in an 8 session intensive swimming program each year. The swimming program improves student safety as well as developing swimming and survival techniques. Year 5 and 6 students are involved in beach day activities relating to survival skills.

UNIFORM
Patterson Lakes has compulsory uniform. Current uniform details and pricelists are available from the school office and website. The school Uniform Shop is open on specific days, before and after school 2 days a week. School uniform is compulsory. This includes the wearing of school hats from 1 September to 30 April.

VISITORS
All visitors to the school are required to sign the attendance book at the school office when they arrive and depart. They must also wear a white ‘Visitor’s Badge’ whilst in the school.

VOLUNTARY CONTRIBUTIONS
School Council operates two tax deductible funds to which families are asked to make a voluntary contribution. The funds are the Buildings and Grounds Fund and the Library Fund. Funds are used to further develop the schools resources and facilities. The $50.00 contribution to each of these funds is voluntary and tax deductible.

YARD SUPERVISION
The yard is supervised from 8.45am to 9.00am, during recess and lunchtimes, and after school from 3.30pm to 3.45pm. Students are not expected at school till 8.45am and are to leave promptly at 3.30pm. After school duty finishes at 3.45pm. A bell is rung. Students still waiting for parents must go to the General Office to be supervised until parents arrive.
STUDENT ENGAGEMENT AND WELLBEING

Vision
At Patterson Lakes Primary School we provide a collaborative and dynamic learning environment where students will develop literacy, numeracy and life skills that will assist them in becoming valued and active participants in the global community.

The school strives to give children the opportunity to extend and develop themselves. We do this by:
- Providing an environment that is stimulating and safe.
- Providing learning opportunities that cater for individual differences.
- Planning so all individuals are challenged.
- Planning so all individuals experience success.
- Working co-operatively so all members of the school community can contribute.

The school wants to empower students so they can take increasing responsibility for their own learning. We believe this is achieved through:
- Assisting children to become highly literate and numerate.
- Developing student skills in learning about how to be effective learners.
- Providing a curriculum that has breadth and depth.
- Providing resources and programs that are relevant to current life experiences.

The school also believes that education is an equal partnership between teachers, parents and students. School members are expected to:
- Respect the rights, property and beliefs of others.
- Encourage and assist all school members to contribute to the school's general wellbeing.
- Be aware of school business through its open and accessible decision making processes.
- Be provided with appropriate information and training that improves their abilities and opportunities to participate in school activity.
- Actively support and promote the school to the broader community.

Preventative Programs
You Can Do It
- The You Can Do It program provides students with a framework of attitudes and habits that assist students to make and maintain positive relationships. The program involves teaching the foundations of Confidence, Getting Along, Resilience, Persistence and Organisation.

Restorative Practice
- All staff use a Restorative Practice approach to assist students to resolve issues and restore relationships.

Act of Kindness Award
A weekly award that focuses on an Act of Kindness. Students are nominated by the parents, teachers, other students or community members.

Circle Time
Circle Time is a democratic and creative approach used to consider a wide range of issues affecting the whole school community. The strength of circles is that they address values, attitudes and skills within a structured, safe and supportive framework.

Peer Support
All classes have a buddy class. Senior and junior classes are matched together to provide peer support.

Junior School Council
Students from Year 6 nominate and vote for peers to be a representative on Junior School Council. Junior School Council makes recommendations to Council, contributes to decision making and organises activities to raise funds for the broader community. Representatives report to the students and seek input from their peers. This process gives students a voice.
Families as Partners

- Weekly ‘Student Wellbeing’ page in school newsletter, assisting parents to raise confident and resilient children.
- Parent Forums – focusing on curriculum.
- Annual Science Evening, Family Picnic and Student Led Tours.
- Regular Parent/Teacher and 3-Way meetings.
- Positive memos sent home highlighting positive aspect of student behaviour and learning.
- Individual learning improvement plans for students requiring enrichment or for students at risk in relation to behaviour/learning.
- Individual goal setting in literacy, numeracy and personal goals.
- Classroom Parent Liaison Officer.
- Tiqbiz App, Facebook and Parents and Friends Association

Community Links

- Close relationship with the Kingston Council and local business.
- Involvement of students through community based activities, such as EFA (Enrichment For All) programs
- Regular visits into the community and businesses
- Vegetable Garden – environmental work in the community.
- Links with Patterson River Secondary College and Bonbeach Lifesaving Club who host annual events
- Winter Warmer Hampers provided by the Anglican Parish of Longbeach.
- Lunch donations provided by Southern Life.
- Fundraising for local groups and charities.
- The Act of Kindness Community Award presented once per term.
- Woolworths fresh fruit donations.

Shared Expectations

Patterson Lakes Primary School has developed shared values and expectations to ensure that the learning, safety and rights of all are respected. The expectations are intended to be positive in that they set out what is expected and appropriate behaviours for our school community.

School Values

Respect, this value is shown when:

- We are kind, friendly and helpful to others.
- We look after other people’s property.
- We are polite and use good manners.
- We behave in a safe and sensible manner.
- We include others in games and activities.
- We listen to others and speak appropriately to them.
- We accept others for who they are.
- We acknowledge other people’s beliefs and differences even if they are different from our own.
- We care for our world, our environment and the people in it.

Integrity, this value is shown when:

- We are trustworthy, fair and honest.
- We make strong choices.
- We own up for our behaviour.
- We tell the truth in a sticky situation.
- We are true to what we believe in.
- We do the right thing, even if it doesn’t benefit us.
- We stand up for ourselves and others.

Excellence, this value is shown when:

- We think, listen, remember, discuss, study and ask questions
- We have a go and persist in what we do
- We explore and discover new ideas
- We do and make things
- We have adventures with our brains
- We try new things and achieve new skills
- We show understanding
- We have fun and are challenged
Expectations of students:
- Support each other’s learning by behaving with respect.
- Display the school values.
- Have the expectation that they can learn.
- Reflect on and learn from each other’s differences.
- Contribute to a productive learning environment.
- Demonstrate behaviour and attitudes that support the wellbeing and learning for all and contribute to a positive school environment that is safe, inclusive and happy.
- Understand that bullying, including cyber-bullying, violence, property damage, inappropriate language and disrupting the learning of other students is unacceptable.
- Be aware of the school’s approach to student management.

Attendance: All students are expected to attend school. If students cannot attend, they must provide an explanation from their parents/carers to the school. Students should arrive at school and for each session on time and be ready to learn. 8.50am is a good time to aim for to have your children at school. Parents/carers are expected to ensure that enrolment details for their children are correct, that their children attend school regularly and that, when a child is absent from school, parents/carers advise the school as soon as possible.

Expectations of Parents/Carers:
- Support the school’s efforts to educate young people to live in a diverse society by promoting an understanding and appreciation of diversity in the home.
- Assist the school by providing all relevant information.
- Actively participate in supporting their child’s learning by building positive relationships with Patterson Lakes Primary School through attendance at student-parent-teacher meetings, student activities, school celebrations, student support groups and responding to communications in a timely manner.

Behaviour: Parents/carers should understand Patterson Lakes Primary School’s behavioural expectations and work with the school to promote a consistent approach that supports their child’s learning and engagement both in and out of school.

</table>
Patterson Lakes Primary School promotes the development of a total learning community of staff, students and parents. In providing a high quality education for our students, we are committed to the development of effective relationships with the local and wider communities. We value inclusiveness, trust, respect, open communication and learning. We aim to create an environment where everyone can enjoy themselves as they participate and contribute to the school.

We encourage, support and welcome parents/carers and community members to:
- participate in a range of school activities.
- share responsibilities in supporting children in their learning.
- provide feedback and parent opinion on issues affecting school policy and programs.
- provide access to local resources that will enhance learning experiences.

We ensure strong and effective partnerships through:
- making all community members welcome.
- encouraging new members to join in and feel as if they belong.
- displaying courtesy and respect for everyone.
- recognising and valuing the diversity of the community.
- maintaining appropriate confidentiality.

We facilitate open communication through:
- ensuring the principal and staff are available and accurately informed.
- publishing school newsletters and information sheets.
- holding regular meetings with parents and School Council.
- encouraging participation in school professional development when appropriate.
- publishing School Council annual reports and triennial reviews.
- providing well publicised parent/teacher and information meetings.
- providing the Information Booklet to all new families.
- encouraging visitors to our weekly assemblies, special days and events.
- seeking and including community responses in the evaluation of school goals and programs through the parent opinion surveys and other questionnaires as appropriate.
- conducting parent/teacher interviews.

We encourage strong relationships with our neighbourhood schools, networks and cluster through:
- the sharing of expertise.
- involvement in programs, taskforces, projects and activities.
- joint provision of Professional Development.
- sharing of resources (personnel and finance).

We expect members of the community to:
- support teachers in the educational expectations of children.
- provide the school with any information that will assist their child’s education.
- display respectful, courteous and responsible behaviour in all interactions with students, staff and other community members.
- adhere to the formalities set pertaining to etiquette and courtesy.
- adhere to the procedures and make appointments where there is a concern that needs to be discussed.
- support the implementation of the Student Code of Conduct.
- adhere to attendance and punctuality procedures.
- support their children wearing school uniform.
- attend parent-teacher interviews.
- read school newsletters and information notices.

Our school will continue in its endeavours to have a positive impact on the local community, forging relationships of mutual respect with all community members and organisations.
RATIONAL
Homework helps students by complementing and reinforcing classroom learning. It fosters good lifelong learning and study habits, encourages students to be responsible for their own learning, and provides opportunities for parents to participate in their child’s education.

AIMS
1. To instil a positive approach and attitude to home learning.
2. To encourage ‘real life’ applications of homework through the involvement of family and every day events.
3. To ensure that students are provided with homework on a regular basis.
4. To assist student learning and the establishment of good homework patterns from early primary school.
5. To provide opportunities for students to develop organisational and time management skills, self discipline, personal responsibility for learning, and skills in using resources accessible outside the school.
6. To increase parent awareness and opportunities for participation in their child’s education.

GUIDELINES FOR IMPLEMENTATION
- Ian Lillico’s Homework Grid will form the basis for Homework at Patterson Lakes Primary School.
- Parents will be informed of the Grade’s Homework program at the beginning of the school year and at the commencement of each term. A copy of the school’s Homework Policy will be provided.
- Parents will be encouraged to show a positive attitude towards homework and may be required to assist by discussing the task, suggesting ideas, assisting their child to gather and interpret information, encouraging their child to complete homework by the due date and providing feedback to the teacher.
- Teachers will endeavour to ensure that homework is:
  - documented with parent and student friendly language
  - presented using language consistent within departments and across year levels.
  - appropriate to the student’s skill level and age
  - balanced with a range of recreational, family and cultural activities
  - purposeful, meaningful and relevant to the curriculum and where appropriate, open ended
  - monitored and/or assessed by teachers with feedback and support provided
- It is the responsibility of the Year Level coordinators to ensure the department team is consistent in year/class expectations, communicate clear timeline expectations to students and families and that the construction of the Homework Grid is in student/parent friendly language.
- Teachers will discuss the content and requirements of homework tasks with children and will give students enough time to complete homework, taking into account home obligations and extracurricular activities.
- Students will be encouraged to take responsibility for planning and completing homework by the due date. They will be given assistance in developing time management skills and managing outside school commitments.
- Students who have difficulties completing homework requirements will be encouraged to discuss alternative arrangements with the teacher concerned.
- A minimum of two compulsory tasks will be expected at all levels, to provide a consistent approach across the school. The compulsory tasks will be outlined at the commencement of each term with a specified date for completion. The compulsory task will not be the “Use Computer for Work” as PLPS does not assume all students have access to a computer.
- The completion of tasks using a variety of mediums will be encouraged. It is not an expectation that a computer or Internet is accessible and therefore computer generated completion is not a requirement.
- Failure by students to complete homework on a regular basis will be followed up by teachers with parents.
- There will be opportunities for consultation between parent and teacher if the child is requiring extension or is having difficulty with the content of the homework.
- School Council, in partnership with the principal and teachers and after consultation with parents and students, are responsible for developing and publishing a Homework Policy consistent with the Victorian Government Schools Reference Guide Section 3.23 Homework Guidelines.
- Homework activities and requirements will generally be based on the Years Prep–2 and Years 3–6 guidelines below.
YEAR LEVEL GUIDELINES

Years Prep - 2
On any occasion where students have been set homework to complete, 20 - 30 minutes is considered as a reasonable amount of time for a child in any one evening.

Types of Activities may include:
- Home Reading; consisting of daily reading to, with and by parents, caregivers or siblings.
- Practice Exercises and Informal tasks
- Completing unfinished class work

Years 3 – 6
On any occasion where students have been set homework to complete a reasonable amount of time in any one evening is 20 - 30 minutes for a Year 3 - 4 child, and 30 - 45 minutes for a Year 5 - 6 child.

Types of activities may include:
- Independently Home Reading
- Practice Exercises
- Preparation, Planning and Researching
- Extension Assignments
- Completing unfinished class work

LILLICO’S HOMEWORK GRID THEORY

<table>
<thead>
<tr>
<th>READING</th>
<th>SPELLING</th>
<th>PERSONAL ORGANISATION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reading is an essential part of learning. The more a child reads, the more they learn and gather information about their environment. Reading invites children to explore fact, fantasy and imagination, as well as gain information and data through a variety of texts, e.g. books (fiction and non fiction), newspapers, magazines.</td>
<td>Learning to spell an increasing bank of words is critical to Literacy development. Basic skills need to be reinforced through regular practice. Using the Strategic Spelling approaches of Visual, Phonological, Morphemic and Etymological, with further enhance spelling knowledge, usage and success.</td>
<td>Contributing to the home in relation to housework is an important aspect of family life. Children need to accept responsibility for their own things as a member of the household. This will assist children to further develop skills in relation to organisation, responsibility, time management and appreciation.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>REAL LIFE MATHS</th>
<th>PHYSICAL ACTIVITY</th>
<th>PROJECT RESEARCH</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maths is everywhere around us. Shopping for example is a valuable time to gain life skills such as: money handling, classifying, sorting, totalling, reading item labels and discovering costs and value for money.</td>
<td>Being active is crucial to keeping fit and to grow into happy, healthy individuals. Physical activity and sports training, when done regularly with parents and coaches, assists with building strong, lasting bodies.</td>
<td>Researching and exploring a topic of interest provides an opportunity to use a variety of sources, including internet, dictionaries, libraries and other experts including people and experts.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>TEACH YOUR PARENTS</th>
<th>ART</th>
<th>USE COMPUTER FOR WORK</th>
</tr>
</thead>
<tbody>
<tr>
<td>Consolidation of what you have learnt is an important step in the learning process. It enables the learner to verbally explain and teach concepts or skills learnt at school. This further enhances the home and school partnership.</td>
<td>Art promotes creativity as children need to be inspired throughout their school years. Children need to find a balance between work and leisure activities and should be encouraged to explore their creative and artistic flair.</td>
<td>Computing skills are essential for children in their future schooling and working life. Researching information, communication with family and friends, word processing and using specific programs, are inevitable life skills.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>YCDI</th>
<th>ENVIRONMENT AND NATURE</th>
<th>CULTURAL- ARTS AND MUSIC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Parents have the capacity to positively influence their child’s achievement and be active in their involvement in the process of developing the four foundations of the ‘You Can Do It’ program; Confidence, Persistence, Organisation and Getting Along.</td>
<td>It is important for children to develop an appreciation for the beauty of nature and also to understand the need to care for the environment through conservation.</td>
<td>Art appreciation and exploration is an avenue that heightens the senses. Music lessons, choir, dance, gymnastics, theatre, cultural experiences, are examples of ways we can appreciate The Arts in our lives.</td>
