**ACTING PRINCIPAL’S REPORT**

### AEROBICS – STATE FINALS

Last Saturday our ‘Golden Girls’ aerobics team competed at the State Finals in Geelong and did an amazing job to finish in 4th place behind Brighton Primary (1st), Pakenham Consolidated Primary (2nd) and Frankston Primary (3rd). The team has qualified for the National Championships in Queensland in early August. Congratulations to Jae B, Hannah D, Katie T, Abbey T, Kristy R, Olivia P, Talzyn R and Natalia M. Thanks to our fantastic coaches Courtney and Vanessa who have done an amazing job with all our teams this year.

### PARENT TEACHER ONLINE (PTO)

A notice regarding the Parent Teacher Online bookings has been sent home with the youngest member of your family today. Attached to the notice will be your family login and pin number to access bookings which open next Wednesday, 15th June at 6pm for the Parent Teacher Meetings on Wednesday, 22nd June. Student reports for mid year will be sent home on Monday, 20th June. Please note that Parent Teacher Meetings for Mr Treasure (1A), Mr Milgate (34Z) and Mr Lakeland (5A) will be held on Tuesday, 19th July.

### BAKERS DELIGHT – FREE BREAD

Each month Baker’s Delight will be issuing students at each year level a voucher to use to get a FREE loaf of bread. The voucher will be valid for every day of the week for the month it has been issued. The Prep families have been provided vouchers for June. For the month of July our Year 1 families will have their turn. Thanks to Brian at Bakers Delight.

### WALK FOR WESTERNPORT 2016

Congratulations to three of our students in 3D who participated in a fundraising activity for the Dolphin Research Institute last month called the Walk for Westernport. Lara W, Meg D and Ali S have been awarded a fundraiser award for their efforts. Congratulations girls!

### VEGETABLE DONATIONS

Thank you to Janine Ridley for her donation of six punnets of vegetables for our garden.

---

**DROP OFF ZONE**

Just a reminder that the Drop Off Zone in the main Staff Car Park is only operational before school. If you intend to use the Drop Off Zone please ensure that you drop your children in the marked area. Please do not park in the car park and then walk your children through as this is a safety concern. It has also been brought to my attention that some parents are driving through the main entrance of the car park and turning left. To enter the Drop Off Zone please enter via the McLeod Rd entrance.

**CURRICULUM DAY TOMORROW – FRIDAY, 10TH JUNE**

Please note that tomorrow is a pupil free day. Teachers will be completing their student reports in readiness for them to be sent home on Monday, 20th June.
STUDENT OF THE WEEK AWARDS

Congratulations to the following students who won our ‘Student of the Week’ awards for Week 9 of this term. Students will receive their certificates at their next assembly. Keep up the terrific work everyone!

Prep A – Marley L for showing excellence and persistence in completing all of her 200 Magic Words. Keep up the amazing work Marley. Well done!

Prep C – Isabella A for working so hard to learn her Magic words. Keep up the wonderful effort Isabella!

1A – Taj D for making a great effort to improve his behaviour and work.

1B – Brodie P for always showing respect to both his peers and teachers. Well done Brodie.

1D – Amelia K for always showing excellence in her learning and classroom behaviours. Your hard work and determination is inspiring and your beautiful friendly smile makes our classroom a happy place to be.

2A – Cooper S for persisting with his learning, and having a go.

2C – Dominick P for always trying his best to learn new tricks and being proud of himself when he achieves success. Keep up the great work Dominick!

3A – Tammy K for being a conscientious and hard working student who always tries her best. Tammy regularly displays Integrity, Excellent and Respect and is a great role model. Keep up the terrific work Tammy!

3B – James M for writing some amazing sentences during our spelling activities on homophones.

3D – Raymond Z for always trying his best and striving for excellence in all that he does. Keep up the great work Raymond!

3/4Z – Abbie C for a great effort in all areas, particularly group work and Maths over the last few weeks.

4A – Brayden Z for his energy, enthusiasm and striving for excellence!

4B – Max V for creating an interesting poster about the lives of Aborigines before European settlement.

4C – Katie T for her wonderful dream time story about how cheetahs got their spots. Well done Katie!

4D – Noah N for a fabulous SPOTLIGHT presentation about his motorbike.

5A – Khabe R for consistently excellent attitude and effort.

5B – Jowen L for being enthusiastic towards his learning and remaining persistent when he finds something challenging.

5C – Mia F for always showing excellent manners. Well done Mia!

6A – Shania P for her amazing comprehension results which were well above the expected level.

6B – Ty L for his improved engagement and commitment to his learning. Keep up the fantastic work Ty!

SCHOOL FETE

The fundraising committee have been busy getting things up and running for the School Fete which will be held on Sunday 16th October from 11am - 4pm.

The committee are in the process of compiling a group of key contacts. This will include a person representing each class who is keen to get involved. This person will be the fete liaison for their class and assist with managing their classes stall.

This is a big event for the school and it would be great to get as many helpers as possible. If you would like to get involved, please email Kylie Brady at kb@bradyips.com with:

⇒ Your name
⇒ Your child’s name
⇒ Your child's grade and teacher
⇒ Email address
⇒ Contact phone number
**GASTRO ALERT**

**Gastroenteritis**

Gastro is a very common illness caused by infection and inflammation of the gut. It causes diarrhoea, and sometimes loss of appetite, vomiting and fever. Gastroenteritis means inflammation of the stomach and intestine.

**Symptoms**

These can include the following:
- diarrhoea (runny, watery poos)
- abdominal cramps
- nausea
- vomiting
- loss of appetite
- sometimes fever

**Course and duration**

Gastro usually lasts 24 to 48 hours depending on what is causing it. However, some forms of gastro, i.e. rotavirus and norovirus (which can cause particularly severe illness especially in infants and young children) may last about a week.

We are asking for your co-operation. If your child/children are displaying any symptoms of or if they have contracted Gastroenteritis, please keep them home for at least 24 hours after they have stopped exhibiting symptoms.

Teachers will continue to remind children about the importance of good hygiene practices, such as washing hands regularly and avoiding placing hands in your mouth.

**GRAVITY ZONE - CURRICULUM DAY OFFER**

With our Curriculum Day tomorrow Friday 10th June, Gravity Zone are offering the following discount for Patterson Lakes Primary School students for the day.

If any of our students/parents simply mention the name of our school to Gravity Zone staff, they will be happy to offer you a super special price of $11 for two hours jumping or $16 for two hours jumping and one laser tag mission!! If it isn’t too busy, they will allow your kids to spend the whole day with them (10am – 3pm) for that one price!!

Parents can enjoy a relaxing cup of coffee while the kids go crazy!

**1:1 PROGRAM UPDATE FOR 2017**

Dear Parents,

The 1:1 Program will continue in 2017. The current Yr 3 & 4 students will continue to use their devices next year in their 2017 classes.

Students currently in Yr 2 will be able to participate in the program in 2017. The program will be from Yrs 3-5 in 2017 and then Yrs 3-6 in 2018.

The school will open the JBHIFI portal early Term 3 2016 for parents to purchase a device in preparation for 2017. Further information regarding details will be sent home early Term 3.

If you have any questions please email Leanne Walker walker.leanne.l@edumail.vic.gov.au

**FOUNDATION POLO SHIRTS**

Complimentary “Foundation 2017” Polo shirts are now available for collection from the school office for COMPLETE enrolment forms.
A family who cares for a child with a disability is faced with many challenges. These challenges can affect the whole family or particular individuals within it. For example, social isolation often affects families who have a child with a disability. Friends and extended family may find it difficult to understand and support the family’s situation. Time for catching up with friends or going on outings may be severely reduced as family members strive to meet the child’s additional needs. For parents and carers, the challenges often include working out how to access the right services for their child, and dealing with the roller coaster ride of emotions that can accompany parenting a child with a disability. There may be a range of challenges associated with caring for your child’s additional needs on a day-to-day basis. These may include managing the challenging behaviours of some children with disabilities, the need to administer daily treatments, helping children with self-care e.g. bathing, dressing and eating, advocating for your child’s needs, and making sure there are facilities that can accommodate your child’s needs when you visit places outside the home e.g. wheelchair access.

Class Rep Meeting Feedback

Last week, I spent time with the Year 5/6 and Year 2/3/4 student representatives from their class. Toilet cleanliness has been an ongoing discussion and signs have been made by Lily M (6D) and displayed in the toilets to remind children to keep the toilets clean.

The Year 5/6 meeting was about littering and how we can improve this at school. The Year 2/3/4 meeting was about children going out of bounds.

Outcomes from the Year 5/6 meeting:

- Decision to go ahead with the slogan: Tell the teacher if you see a litter creature.
- Children are to let yard duty teachers know if someone has littered or are eating food in the wrong area.
- Children’s names will be recorded.
- Rubbish Clean Up Club on a Friday in period 7 for those children who have been identified as ‘Litter Creatures’.
- This will start as of Term 3 where all children will be made aware.

Outcomes from the Year 2/3/4 meeting:

- Children identified the areas that students go out of bounds.
- Teachers to be aware of these areas.
- Consequences if children are seen out of bounds:
  - Warning
  - Pick up rubbish
  - Walk with yard duty teacher
  - No play for a lunchtime

National Buddy Day

We are Banding Together on Wednesday 15th June to celebrate National Buddy Day and take a stand against bullying.

Please remember to wear a ‘splash of purple’ and bring a gold coin donation.
Fun with the Staff

Shania and Maddie had fun interviewing Mrs Alford.

Mrs Alford (Year 4 teacher: Wednesday)

When did you start teaching?
2010.

Did you do anything before you were a teacher?
I was a swimming teacher.

Do you have any brothers or sisters?

Do you have any pets?
2 dogs: Bailey and Milo.

What is your favourite TV show?
Offspring.

What is your favourite food?
Chocolate.

What is your favourite sport?
Swimming.

What football team do you barrack for?
Western Bulldogs.

What do you like doing in your spare time?
Shopping.

If you had a superpower, what would it be?
Invisibility.
Zoos Are Safe For Animals  
by Isaac S 3C

I strongly believe animals are safer in zoos. Have you ever thought how much safer animals would be in zoos instead of the wild? They get food and water for free to live.

Firstly, it’s too dangerous for animals to be in the wild. Do you want animals to die? In zoos animals are safe and cannot be hunted down. In the wild if animals are hurt there are no doctors or vets to help them. In zoos there are fences to keep them safe from tough predators.

Secondly they need food and water to live. In the wild animals have to travel long distances to get water and hunt prey. At zoos they don’t have to hunt their food or travel just for water. The zoo keepers buy and bring them food and water for their survival.

Animals can get used to being lonely. I know they are a bit lonely at the start when they just get in the zoo, but the animals will learn to be okay without their mother. They will get used to the zoo keepers and make new friends.

Zoos must be kept for survival of animals. No fun or learning without zoos. Animals should be able to live in peace.

Animals should be kept in zoos!  
by Justine L 3C

I highly recommend that animals should be kept in zoos. Do you want animals roaming around and doing weird animal stuff? What is the purpose of zoos if animals weren’t in zoos?

Firstly we need zoos. People might be taking a picture of an animal. For someone who might be taking a picture of a wild animal, the person creeps slowly up to the wild animal and then the wild animal might eat you for dinner. If the animal was in the zoo the wild animal will not eat you because the animal will be trained. For another example you find an animal at the zoo that you want to take a picture of (not in the wild) the animal will not chase you like crazy because the animal is in a cage.

Secondly endangered animals should be kept safe whether you like it or not. If the endangered animal was at the zoo you can breed them to make multiple animals and keep them safe. If the endangered animal were not at the zoo the species will be extinct. Would you like to be extinct and no one will know you?

Lastly we must keep animals alive. We don’t want every animal to be extinct. If every animal was extinct how will we get food? Zoo keepers look after animals because they love them.

Therefore zoos are extremely important because how are we going to get information about animals? What if an animal is endangered? If the endangered animal is left in the wild the animal species will be extinct. It is your choice. Do you want animals to be extinct or do you want animals to live?
THE OLDEN DAYS WITH MY GREAT GRAN BY MADDIE C 2B

GREAT GRAN

This is a picture of my Great Gran and me. My Great Gran’s name is Val Cruise, but I like to call her GG. She just turned 88 years old and was born in 1928. She started working full time when she was 14 and was married just before she turned 20. A lot of things have changed since my GG was born, with lots of new inventions and here are some things she had when she was younger.

TELEVISION

GG got her first TV in 1958 when she was 30 years old. It wasn’t much bigger than a microwave and it was only black and white. It wasn’t colourful like the ones we have now and it looked like this.

CAR

My GG got her license when she was 17 years old and it was in world war two. She bought a new Vauxhall soft top as her first car like the one above and she thought she was cool driving it.

TOILET

When my GG was a kid she had a toilet outside and it was made out of wood. A man came once a week and opened the back of the toilet. He took the bucket out and changed it with a fresh one.
JUNIOR SCHOOL - WRITER OF THE MONTH FOR MAY

THE OLDEN DAYS WITH MY GREAT GRAN BY MADDIE C 2B

TELEPHONE

This is the type of phone that my GG had when she was younger.

RADIO

The wireless stood as high as my nose and before television, this was the way of getting the news and listening to music. My GG said that when she was dancing to the music on the wireless and it stopped working, she would kick it and it would start working again.

MONEY

My GG used Australian pounds, pence and shillings when she was younger, before dollars and cents were made.

TYPEWRITER

GG didn’t have computers when she was younger. They used typewriters.

WASHING MACHINE

They didn’t have washing machines when my GG was younger. They had a copper. They had to put the wood in the bottom of it to make a fire then in the top they put the water in and dirty clothes.
Looking Back: Semester 1

Looking back …. WOW. What a term! The JSC (Junior School Council) had a great first semester filled with action. The team consists of Alina, Shania, James, Jackson, Connor, Kieran, Nikita, Annie, Maddie, Isabelle and Ayla and the School Captains Joshua and Charlotte :)

Learning to Lead Conference

The day started at the Bonbeach Lifesaving Club. We were all as happy as larks to be there on this very lovely day. Everyone who had a leadership role was there for this special day such as the School Captains, JSC, House Captains, Environmental leaders, Aerobics Captain, Radio Captain, Mr Koppens, Mrs Carmona, Mr Dargan and Mrs Marston were also there for this great day! We started off with some activities such as what we want from our new principal and what we didn't want from them! We had group decisions, we shared how we were a leader in lots of different scenarios such as Class Captain and other leadership roles. After that we went down to the beach and made a sand sculpture as teams were inspired by everything that happened last year! We had to think of the roles that we played while making the sand castles.

Afterwards the teachers picked their favourite sandcastles (which was a dolphin with headphones done by the Radio Captain and the Environmental Leaders). Then we went back to the lifesaving club to have some delicious Subway and other food for lunch snack and fruit - BTW it was so yummy! Everyone got a certificate of completion for completing the day and went home with a full brain because of all the learning. We also went home with a full stomach because of all the delicious food!!

We really enjoyed the conference and are sure that everyone in the leadership team now and in the past or future would agree.

Assembly

The assemblies that you see every week are put together by the JSC, Mr Koppens, Mr Drysdale and his music team. Also Mr Clohesy and Mrs Marston assist us when we need them. We have different roles such as Student of the Week, Act of Kindness, the Welcome, Oath, microphones and announcements of the week. It takes courage to talk in front of people. Charlotte and Josh have got a massive job to talk in front of everyone in the school. They are very confident or maybe our school is just very friendly and supportive.

So far this year is going great and everyone is loving everything. The JSC is the best thing ever so far! We love the experiences it offers and the trust the teachers give you. Thanks for reading!

Yours sincerely
Alina and Shania
JSC
On National Buddy Day, Wednesday 15th June 2016, we will be joining primary schools across Australia and ‘Banding Together’ with a buddy.

When we ‘Banding Together’, Patto will raise awareness and funds to support The Alannah and Madeline Foundation in their bid to reduce bullying, and create friendly and caring school communities through the Better Buddies program.

Buddy grades will be joining forces and participating in a fun activity together.

Students are asked to wear a splash of purple and bring a gold coin donation.

After many weeks of Auditions, the Patto’s Got Talent Grand Final will be on Wednesday 15th June.

The Grand Final will take place at 1pm in the School Hall.

All children will be in attendance to support their house representatives.

Students are asked to please:

- Wear a splash of purple.
- Wear your house polo tops.
- Bring a gold coin donation.
FUNDRAISING & EVENTS UPDATE

It’s not all about the profit – we really hope your children enjoy the events as well as providing parents an opportunity to help and have fun with the kids.

Easter Raffle: What can we say? Thank you for all your donations and for those who sat through so many prizes. Well done to the teachers for organizing such a great Easter Bonnet Parade too.

Mother’s Day Stall: Thanks to all who helped out with our Mother’s Day Stall; with a big thanks to Bunnings, Happy Happy Soy Soy and Serendipity Jewellery. The idea behind this stall was to break even with costs and provide a great selection of nice presents for mums & carers. We hope you all liked your gifts.

Disco: What a great night. We hope all the kids had lots of fun dancing the night away with great input from the teaching staff & parent support. We’ve had many kids asking to get involved in the planning next year with song choice, prizes & posters and look forward to their input.

FETE: Fete planning is going well and we look forward to continuing with this fantastic event. Each class will be involved with class stalls and we have some great ideas from parents & teachers for 2016. We’d love your involvement – so please join our facebook group below or leave your feedback at the office – attention School Council.

BENEFITS OF FUNDRAISING
Parents & Friends & Fundraising have now joined forces. Our large project this year is to install air conditioning to the school hall. Whilst costly, we hope this benefits everyone. Previous funds raised have also been spent on some great projects including the junior basketball court, four square & game concrete marking. We are also hoping to replace the old greenhouse in the school garden amongst other things.

Do you have any thoughts on what you would like to see fundraising put towards? We encourage you to drop a note to the office – Attention School Council.

SAVE THE DATE
SCHOOL FETE
SUNDAY 16TH OCTOBER

TO GET INVOLVED OR BE FIRST TO KNOW
JOIN OUR FACEBOOK FUNDRAISING PAGE (PLPS Events & Fundraising) or direct feedback to the office – Attention School Council Fundraising.
10 ways to build more confidence in kids

"Confident kids are more likely to make the most of their potential as they’ll extend themselves both socially and learning-wise. Fears and anxieties, while present, don’t stop them from trying new activities."

The power of parents to shape a child is enormous. Self-confidence is one area that parents have significant influence, particularly for children of primary school-age and below. Kids in these years are on a journey to work out what they can do and how they can fit into their various groups. They are the confidence and esteem-building years.

As a parent, you are in THE prime position to mirror back to kids how they should see themselves. You do this through your messages, your expectations and how you treat your child. Confidence is often confused with extraversion, assertiveness, self-assuredness and cockiness. It’s not necessarily so. You can be quiet, introverted and full of self-doubt but still feel and act confidently in a given social or learning situation.

Confidence is more about risk-taking and trying new activities. Confident kids are more likely to make the most of their potential as they’ll extend themselves both socially and learning-wise. Fears and anxieties, while present, don’t stop them from trying new activities.

Here are 10 ways to build confidence in your kids so they can take their place in the world:

1. **Model confident mindsets:** Kids pick up your thinking as well as your language so teach kids how to approach tricky or new situations confidently by doing so yourself. That means, don’t put yourself down if you make a mistake.

2. **Encourage kids to look on the bright side:** Optimism is catching and helps kids overcome their fears. Help kids set their antennae to look for the good, something positive or a learning in any situation.

3. **Help them understand self-talk:** That little voice inside their heads can talk them up or talk them down. Kids who are low on confidence use a great deal of negative self-talk. Get kids to listen to their self-talk and help them work out alternative messages that help them rather than hold them back.

4. **Recognise effort & improvement:** Low risk-takers and perfectionists appreciate parents who focus more on the processes of what they do, rather than results. Effort, improvement and enjoyment are examples of processes that you can comment on.

5. **Focus on strength and assets:** Fault-finding can become an obsession for some parents, particularly fathers. Step back and look at supposed faults through a different lens (i.e. stubbornness can be rebranded as determination, which is handy in many contexts). Let your kids know what their strengths are so they know what they are good at.

6. **Accept errors as part of learning:** Don’t over react when kids don’t get the perfect score or make mistakes. Errors are part of learning, ask any golfer.

7. **Give them real responsibility at home:** Giving responsibility is a demonstration of faith. It fosters self-belief and also provides growth opportunities for kids. Confidence and responsibility go hand in hand.

8. **Develop self-help skills from an early age:** Confidence is linked to competence. You can praise a child until the cows come home, but unless he or she can do something they won’t feel confident. Basic self-help skills are inextricably linked to self-esteem.

9. **Spend regular time teaching & training:** Parents are children’s first teachers. They educate them in everything from how to do up their shoe laces as pre-schoolers to how to fill out a tax form as late adolescents. Look for teachable moments where you can help your kids. They are everywhere.

10. **Build scaffolds to success and independence:** Look for ways to make it easy for your child to be successful. That may mean that you break down complex activities into bite-sized chunks so they can experience success or even cope with stressful situations so they can overcome their fears.

There are some powerful strategies outlined here. Think about how many of these you use already and which strategies you would like to find out more about. Confidence-building is one of those foundation areas that can have an enormous impact on kids and one that we can all learn more about.
