Homework Grid Term Two: Year 1

**ENGLISH**

**Independent READING**
Read to an adult daily, choose a book that is ‘just right’ and is interesting to you. Use the ‘Just Right’ strategy we have talked about in class to make sure that you are thinking when you are reading. Look at the cover and predict any new words you might find in the book. When a word is tricky, look for relationships to other words, e.g. synonyms, word building plurals. When you’re reading your book, discuss the main ideas with an adult. Use your ‘schema’ to help you make text-to-self connections to the characters, setting and plot. Give reasons as to why you think events have occurred and make a prediction as to what might occur in the story.

Please try to remember to sign the home reading diary and include how many nights you have been reading.

**SPELLING**
You will have a spelling lesson on Monday which is when you will receive your spelling words. Choose one task from the spelling suggestions list in your spelling book to help you learn the words. This term you might be given 2 words you misspelt on your test to learn again the following week. Thus you may have a total of 12 words to learn.

A spelling test will be conducted on Friday so please bring your Spelling book back every Friday.

**MATHEMATICS**
Log onto the Mathletics website, using your username and password to complete activities related to the topic of the week:

- Teach someone in your family something you have learnt each week in Maths.
- Have fun playing games, cooking, shopping telling the time and figuring out things with Maths in your days.
